PROFESSIONAL SUMMARY

Junior full-stack developer with a Bachelor of Engineering in Computer Science and a postgraduate diploma in Full Stack Software Development from Lambton College, Ottawa. Built web and backend applications with C#, ASP.NET, SQL Server and JavaScript across two internships and several applied projects. Currently strengthening React and automated testing while looking for a junior or new-grad developer role in Ottawa.

TECHNICAL SKILLS

Languages: C#, JavaScript, SQL, HTML, CSS

Backend: ASP.NET / ASP.NET MVC, REST APIs

Data: SQL Server, MySQL

Tools: Git, GitHub, Postman, Jira

Cloud: Azure Fundamentals

Currently Learning: React, TypeScript, Unit Testing, Docker

PROFESSIONAL EXPERIENCE

.NET Intern — MNET Academy

Aug 2023 – Nov 2023

Hyderabad, Telangana, India

- Built application features using C# and ASP.NET, integrating frontend interfaces with backend functionality.
- Designed SQL Server databases and implemented CRUD operations for student and attendance records.
- Developed UI components using HTML, CSS and JavaScript, applying OOP and database management concepts.

Web Development Intern — Internshala

Oct 2021 – Dec 2021

Hyderabad, Telangana, India

- Built web application features using HTML, CSS and JavaScript with database integration.
- Contributed to the PG Life Housing Project, a web application helping students find suitable accommodation.

SELECTED PROJECTS

Employee Management System — C#, ASP.NET, SQL Server

- Full-stack application for managing employee records, with CRUD operations connecting an ASP.NET backend to a SQL Server database.

Student Attendance System — ASP.NET, SQL Server, Jira

- Web-based attendance tracker built with a development team using Agile practices; generated reports and handled student record management.

PG Life Housing Project — HTML, CSS, JavaScript

- Housing search web app to help students find accommodation, covering frontend development and database integration.

Cloud Expense Tracker — React, AWS

- Cloud-hosted expense tracker with a React frontend, deployed on AWS for access across devices.

EDUCATION

Postgraduate Diploma, Full Stack Software Development — Lambton College

May 2024 – Dec 2025

Ottawa, Ontario

Bachelor of Engineering, Computer Science — Osmania University

Jul 2018 – May 2022

Hyderabad, Telangana, India

CERTIFICATIONS

Full Stack .NET Development — MNET Academy | Microsoft MS-900 Fundamentals — Udemy | Web Development — Internshala

VOLUNTEER EXPERIENCE

Volunteer, Ottawa South Community Centre (Aug 2024–present) — creating posters and flyers using HTML and CSS.
